THREW SNOWBALLS; WAS FATALLY SHOT

Robert D. Barry Died of Wound Inflicted by Frederick Guiguesse, a Negro.

SAID FIRED IN SELF-DEFENSE.

Victim Was Slater's Apprentice, While His Assailant Was Singer at Compton Club.

Because, as he alleges, he was "snowballed" by several young men at Garrison avenue and Scott street late yesterday afternoon, Frederick Guiguesse, a negro 21 years old, shot and fatally wounded Robert David Barry, a white man, 23 years old, who lived at No. 3222 St. Vincent avenue. Guiguesse was arrested and taken to the Eighth District Police Station, where he was placed in the holdover to be arraigned at the Four Courts to

The policemen who arrested Guigess telephoned for an ambulance and sent the dying man to the City Dispensary, but he died on the way there, and his body was taken to the morgue. Barry was shot once through the kidneys.

When seen at the police station last night, Guigesse said that the white men threw snowballs and stones at him when he passed them and that he turned and fired at one of them. "I did not know the men except by sight," Guigesse said, "but they belonged to a gang that had thrown

they belonged to a gang that had thrown stones at me often. I was never in trouble before and I acted in self-defense."

dered.
Guigesse did not seem to realize the gravity of the situation last night. He talked freely and said that he would have no difficulty in proving that he fired in self-defense.

Roberts Could Not Be Elected to Congress Unless Church Approved.

Washington, April 29.-With the re-opening of the investigation in the Reed Smoot case, before the Senate Committee on Privileges and Elections, the prosecution devoted considerable time to drawing from Brigham H. Roberts the character of the oaths which are said to be neces sary for a Mormon official to take in or der to have the support of the church for political office.

Members of the committee showed an equal interest in the obligations which are said to be taken by Mormons who "go through the 'endownment house.' " Along both lines much evidence was brought

It was shown by Mr. Roberts's testimony that, without the consent of the Mormon Church, he failed of election to a seat in Congress, and later with church recognition of his candidacy he was elected.

In relation to the endowment house obligation Mr. Roberts was extremely reti-

cent. He said that the sacredness of the ceremony was such that he could not reveal it to the world; that if he did so he would lose caste with the church as having betrayed a trust.

Portions of the testimony given by Mr. Roberts, especially in regard to his reasons for maintaining polyamnous cohabitation with his plural wives, was almost a duplication of the testimony given by other polygamists who have been on the stand. He said he regarded the laws of God as higher than the laws of the land, and his moral obligation to his wives was greater than both the laws of God and man.
